ENCORE 5 POWERED SOUND STATION

Everyone has more than one TV in the house and just because the second one might be smaller doesn't mean you intend on enjoying it any less. What do you do when you want better sound out of the TV in the bedroom, kitchen, or perhaps even out of your computer? You look no further than the Precision Acoustics Encore5. It's ready and willing to greatly enhance your listening experience with performance that belies its size so audition one today and be amazed!
